

## Channel Update (2019)

Update video (attended pycon in Toronto, plans for channel, end-of-year setback, merch design contest, maillist, subscriber milestone, vision for channel for 2019etc.)

# Thank you!

- ▶ 7,000 subscriber milestone.

# Thank you!

- ▶ 7,000 subscriber milestone.
- ▶ A sincere and heartfelt thank you to my subscribers!

# Thank you!

- ▶ 7,000 subscriber milestone.
- ▶ A sincere and heartfelt thank you to my subscribers!
- ▶ Impact of personal messages, support, comments, etc.

## Brief Personal Update

- ▶ Due to house fire, delay in creation of content.

## Brief Personal Update

- ▶ Due to house fire, delay in creation of content.
- ▶ Getting back up to base level. Planning to continue focusing on making videos when possible.

# Brief Personal Update

- ▶ Due to house fire, delay in creation of content.
- ▶ Getting back up to base level. Planning to continue focusing on making videos when possible.
- ▶ Attended first PyConCanada in Toronto in late 2018.

## Channel Plans for 2019

- ▶ Overall goal: To provide content to inspire and excite on topics of programming and computer science. To provide direct value by helping you become a more well-equipped thinker and software engineer.

## Channel Plans for 2019

- ▶ Overall goal: To provide content to inspire and excite on topics of programming and computer science. To provide direct value by helping you become a more well-equipped thinker and software engineer.
- ▶ Continuing to create content for core computer science topics (data structures, algorithms etc.)

## Channel Plans for 2019

- ▶ Overall goal: To provide content to inspire and excite on topics of programming and computer science. To provide direct value by helping you become a more well-equipped thinker and software engineer.
- ▶ Continuing to create content for core computer science topics (data structures, algorithms etc.)
- ▶ Branching out into other topics like system design, data science, machine learning, etc.
